

Start Your Own Weight Loss Clinic – All-in-One Course

7-Week Intensive Program

Course Overview

Build and launch your very own **weight loss clinic** with this complete 7-week training program. Learn **medical protocols, nutrition planning, device operation, and business systems** — with extensive **hands-on practice on live models**.

What You'll Learn

- Medical weight loss protocols & patient assessments
- Nutrition, supplements & lifestyle programs
- Devices: sauna, cryo, lymphatic compression, sculpting, Emsculpt, oxygen therapy
- Program design for 4, 6 & 12-week client plans
- Advanced protocols for special populations
- Business setup, compliance & financing
- Marketing, branding & client retention strategies

Hands-On Training

- Live model practice each week
- Device & injectable rotations
- Real consultations & coaching sessions
- Case studies & protocol design projects
