

FULL TIME CLINICAL LASER

*Eternal Beauty*

## CLINICAL LASER COURSE DESCRIPTION

The Clinical Laser Course is specifically designed for individuals who wish to begin a career with advanced laser technology, along with the practical and theoretical knowledge surrounding the services offered in a spa, salon or medical spa. Students will learn the fundamentals of the skin, the anatomy of the body, all spa safety and proper protocols. This program will prepare students for working on all types of clinical and medical device platforms related to laser and skincare in the cosmetic/ medical spa industry. Student will also learn the art of sales, spa management, and business building as all of our programs include our 12 month business coaching program as well focusing on marketing and advertising and international import/export for beauty products and creating beauty product brands.

***Practicum will be required for this***
