# Brow Microblading

MPN-318

ONE WEEK

KIT INCLUDED

\$2495

Microblading is a tattooing technique in which a small handheld tool made of several tiny needles is used to add semi-permanent pigment to the skin.

Microblading differs from standard eyebrow tattooing because each hairstroke is created by hand using a blade which creates fine slices in the skin, whereas eyebrow tattoos are done with a machine and single needle. Microblading is typically used on eyebrows to create, enhance or reshape their appearance in terms of both shape and color.
