Financing Options

Consider applying for financing to help fund your education at Eternal Beauty Institute. Our exceptional financing team is here to help you through the entire process and will work with you to determine the financing option that is best for your situation.

To be eligible to receive financing, you must be a Canadian citizen, have permanent resident status or protected person status under the Immigration and Refugee Protection Act.

If you have applied for financial support and are approved prior to the tuition payment deadline, EBI will electronically confirm your enrolment and request that payment is sent directly from the lender. This way, your tuition payment deadline will be deferred until your loan disbursement date.

Success Stories

Krasa Brow

Originally, I heard about Eternal Beauty on a radio show. At the time, I was the lead sales representative at a busy and stressful national moving company. After completing my training with Eternal Beauty Institute, I went on to create a very successful microblading business where I have turned my artistic ability into a very lucrative career! I love the transition from the 9 to 5 daily routine. I can make my own schedule and spend much more quality time with my daughter!

-Kerry

Lakeside

Last year I completed the Cryolipolysis and Weight Loss programs with Eternal Beauty Institute. Overnight I was making double the money I previously was making at my spa location. The marketing and business advise provided in the course was excellent! I have already been back for 3 more courses this year! BB Glow, Microneedling and Dermaplaning.

-Jen

Spa Cantik & Salon

Eternal Beauty staff are amazing! They actually flew their instructors out to our spa location and did a private training with our staff. It was the most affordable and relaxing way to add new services to our menu. I would highly recommend EBI for on-location training.

Rosetown Beauty

In my former life I ran a large hotel in Grande Prairie. I often worked the night shifts and it was not uncommon for 16 hour shifts. To put it mildly, I was ready for a change. I took the complete Clinical Aesthetician program with Eternal Beauty! And now I have my own beautiful clinic! Thank you Eternal Beauty. These guys are like family. I love the personalized service and one on one training options

Success Stories

Mayfair Dental

Recently we added an additional laser and medspa wing to our dental practice here in Calgary. My spa director Jessica loved the training. The staff helped our team to set up our new venture and choose equipment and create our pricing lists. We took over 10 programs at the Eternal Beauty Calgary campus and were very very pleased with the high quality of training.

Rhea Sunshine

I was introduced to Eternal Beauty Institute through my aunt who owns Endless Elegance as she has taken many programs with EBI. Being a nurse and with long hours at the hospital I was looking for a second income and something to eventually replace full time nursing. I so loved the programs with Eternal and I am able to come back and retrain and retake any programs for free as many times as needed. With the covid breaks this has been a blessing that I am able to retake things to ensure perfection in terms of my injecting protocol.

-Rhea

Lux Beauty

I absolutely loved the programs with Eternal Beauty Institute. I completed the full laser technician program and clinical skincare tech program and was able to open up my own medspa! The staff was incredible! Wonderful experience and I was able to launch my business using all their equipment from the Campus luxury medspa! Thank you EB!

-Lauren

The Botox Clinic

My feedback is 5 stars all the way! I took the Botox and Fillers programs & Coolsculpting with EB. Amazing, friendly staff from registration to the graduation. The locations are stunning! Whats even better I am injecting at some of their locations. So happy I choose Eternal Beauty to advance my skills. Looking forward for more exciting courses.

"Barb and her staff are unlike anything I have witnessed. From the moment you walk in, you are greeted and treated with respect. The building has AMAZING energy and the staff, other students just glow from the positive energy. Not to mention, the school is HUGE and a DREAM to learn in. It is luxurious and is filled with the latest technology. I love everything I learned while I went to school there a few months back for the skincare specialist program. I now feel confident starting my own side business and am happy that I am able to continue to come back as much as I want to keep learning at no additional cost."
