# Brazilian Wax

HRR-130

ONE WEEK

KIT INCLUDED

Most of us are more familiar with the concept of a bikini wax. It's when an esthetician uses hot wax to get rid of the hair that would be visible if one were to wear a bikini bottom. The Brazilian is basically the same deal—just removing more hair. A Brazilian includes the strands along the vagina lips and in your behind. You can opt to leave a triangle or landing strip of hair on top. Or, you can go fully bare. Introduced back in 1987 by a group of Brazilian sisters, the Brazilian has remained the most popular hair removal method in the North American today.
